Guidelines as a tool

Building a design knowledge management system for programmers

Mike Kuniavsky • DUX 2005

Problem 1 Inconsistency

Solution 1 Guidelines

Problem 2 Nobody follows guidelines

Solution 2 Guidelines as a tool

	QTRACS NOTES	Add a note
	<pre>Sinivas Raghavan - 23 Sep 2004 02:29pm Tve posted the ASP code to generate the Search Box here: http://codelb.qualcomm.com/col Dave O'Brien - 24 Sep 2004 12:14pm Excellent! Here's how I'd generate this with PHP:</pre>	nponentes/searchbox.zip
	Add a note here Name:	
	HTML is allowed (<i> <a> only). Enclose code examples in {{double curly braces}}.</i>	

Did it work?

Thank you!
